

Trend Micro™

# WORRY-FREE SERVICES ADVANCED

Cloud-based, enterprise-grade protection for your business devices and email

A growing number of businesses are being victimized by cybercriminals' data theft schemes that use spam, malware, phishing, and advanced targeted attacks - custom-built to bypass traditional antivirus.

You probably know that it's an absolute necessity to have a strong security solution to protect your staff, computers, and mobile devices from cyber threats. But, you may not know what kind of protection is best for your business.

**Trend Micro™ Worry-Free Services Advanced, powered by XGen™ security**, is cloud-based security specifically designed to protect all of your devices with award-winning device and email protection. To save you time and resources, it is hosted and maintained by Trend Micro and combines Trend Micro™ Worry-Free Services to protect your devices, Trend Micro™ Hosted Email Security to protect your on-premises email, and Trend Micro™ Cloud App Security to protect your Microsoft® Office 365™ email, OneDrive, Sharepoint and collaboration tools such as Google Drive, Dropbox, and Box.

Worry-Free Services Advanced is an affordable and easy-to-use solution that gives you industry-leading, enterprise-grade protection. It allows you to:

- Manage the security of all your devices (Windows®, Mac, mobile) from one web console
- Stop email threats in the cloud before they reach your network
- Protect against spear phishing and advanced targeted attacks
- Focus on your business due to the fact that updates are automatic and keep your security always-up-to-date
- Enforce security policy to employees anywhere—even at branch offices and in their homes
- Enjoy affordable pricing with annual subscription billing

**PROTECTS AGAINST**

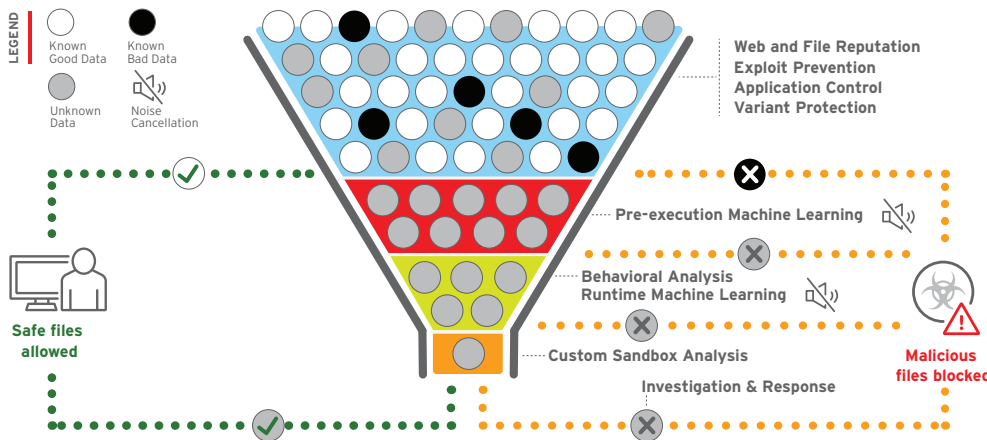

- Malware
- Ransomware
- Dangerous websites
- Spam
- Phishing attacks
- Data theft
- Viruses
